MATRIX *Enviro-Clean*™

**The Simple Cleaner...
Just Spray and Walk Away!**

- environmentally friendly
- biodegradable

Stock #1614, 12 quarts per case or
Stock #1601, 4 gallons per case

Matrix Enviro-Clean™ is a Trademark of and licensed by Matrix Environmental Canada

Advantages:

- No Wiping or Scrubbing Needed
- Works Fast
- Pleasant Fragrance
- Saves Time
- Reduces Build-up in Trap and Drain
- Leaves a Shiny Surface
- Saves Labor
- Cost Effective

Great For:

- Schools
- Restaurants
- Stadiums
- Factories
- Marine Applications
- And Other High Traffic Facilities

Benefits: Enviro-Clean™ has been specifically designed for use with Waterless™ or non-flushing urinals. Upon contact, this cleaner is activated to break down any minute residual urine and transports it into the trap insert. By using this product, the cleaning process is reduced to simply spray and walk away!

Enviro-Clean™ will leave behind a clean, deodorized urinal. Prolonged use will assist in the reduction of build-up in the traps and trap inserts, effectively extending the trap life. Drains will also benefit, as prolonged use will assist in the reduction of drain line sediments.

Directions: Spray Enviro-Clean™ liberally across the inside surface of the urinal and onto the EcoTrap®. DO NOT WIPE OR CLEAN OFF! Do not use other cleaners on the urinals while using Enviro-Clean™. This product may also be used to sanitize the outer surface of the urinal and surrounding walls and floors.
