### Works Great in:

Floor and Shower Drains  
Sinks and Water Fountains  
Toilets / Urinals  
Condensate Drains  
Other Unprimed or Unused Drains

### Key Features:

No Evaporation	Eliminates Odor
No Freezing	Eliminates Complaints
Biodegradable	Long Lasting
Saves Labor	Cost Effective
Saves Time	Improves IAQ

### Great for :

Schools  
Restaurants  
Stadiums  
Factories  
Empty/Vacant Buildings  
Marine Applications  
and other  
High Traffic Facilities

### Alternate Application

### Directions for Use:

Use EverPrime® trap liquid for traps which tend to dry out. Pour 1 gallon of water into the drain and then add:

For traps up to 2":  
add 3 oz. of EverPrime®

For traps, 3" or 4":  
add 6 oz. of EverPrime®

See directions of use for other applications.

**NOTE: EverPrime® freeze point is minus 20 degrees - excellent for winterizing traps.**
